PROJECT EXPERIENCE

- **Portfolio Website** – React.js, Tailwind CSS, Responsive UI, Graphic Components. Designed and developed a fully responsive personal portfolio website using React.js and Tailwind CSS. Integrated custom graphic components for enhanced visual appeal and optimized performance for cross-browser compatibility. Implemented semantic HTML and accessible UI patterns.
- **Calculator Application** – HTML5, JavaScript (DOM Manipulation), Tailwind CSS. Built an interactive calculator with real-time computations using JavaScript DOM APIs. Applied modular JavaScript functions for maintainability and styled with Tailwind CSS for a clean, adaptive layout. Ensured lightweight performance and cross-platform compatibility.
- **Bookmarking & To-Do List App (CRUD)** – JavaScript, HTML5, Tailwind CSS, Local Storage API. Engineered a web application supporting Create, Read, Update, and Delete (CRUD) operations. Leveraged local Storage API for persistent data storage. Implemented responsive design and event-driven JavaScript for smooth user interactions and enhanced productivity features.
- **Evolver-Edge Agency Website** – Tailwind CSS, Responsive Web Design. Designed and deployed a professional agency landing page using Tailwind CSS. Applied mobile-first design principles, optimized page load times
